- NOVEMBER 6th GENERAL ELECTION

IN MICHIGAN, farmers were harvesting badly, needed grain for the Union armies. Michigan was one of the Union's important suppliers during the Civil War. And, after the war, the State's grain farmers found a good market with Michigan's pioneer brewers.

For even then, beer was the traditional beverage of moderation. Beer still provides enjoyment for folks in Michigan and a good living for the many employees and suppliers of the Brewing Industry.

TODAY, in its centennial year, the United States Brewers Association still works constantly to assure maintenance of high standards of quality and propriety wherever beer and ale are served.

This will give Pastor Jespersen a little more time on his return from services at Messiah Lutheran Church, in the event of bad weather and slippery roads. Pastor and Mrs. Harris A. Jespersen returned Saturday from as everal days trip to Des Moines, Iowa, where the pastor attended a meeting of the Board of Directors of Grand View College. They also had the opportunity of visiting their son, Eilif, who is a Junior at Drake University, majoring in Music.

YOU COULD LOSE YOUR REPRESENTATION!

Remember

emories are short these days. So much is happening that we sometimes forget the events of only a few months ago.

But, when we vote on November 6, we'd better remember July 18.

That was the day when the Supreme Court of Michigan threw out, by a one-vote margin, the State Senate apportionment we voted for just 10 years ago. The court told us we had to take the kind of apportionment demanded by Gus Scholle, regardless of the fact that the people had overwhelmingly rejected it at the polls.

By that same one-vote margin, the Court also cancelled the primary election and told the people they might have to elect 32 Senators on an at-large basis.

This could easily have meant that all the Senators would come from one or two counties, depriving us of our voice - of any voice - in the Senate of Michigan!

Only action by the U.S. Supreme Court saved us! And the fight isn't over yet.

What does this mean to us on November 6?

Well, the present Governor has said that the Michigan Supreme Court decision, which almost cost us our representation in the Senate, was "A great victory for the people." Which people, Governor Swainson? Certainly not those of us who live here. Certainly not the 1,269,807 of us (a 294,289 majority) who voted for the present Senate plan that the Michigan Supreme Court threw out.

Fortunately, the Governor's opponent, Mr. George-Romney, supports a Senate apportionment plan which provides effective representation for all the people. He also supports the right of the people to vote on the kind of legislative representation they want. Romney has called the Swainson-Scholle apportionment steamroller a-"power grab." He's right.

When we vote on November 6 we ought to remember what John Swainson wants to do to our voice in the legislature. We ought to remember where George

We ought to remember that Governor Swainson's appointee, Attorney General Kelley, deserted the people and argued for Gus Scholle.

We ought to remember that two Justices of the Supreme Court are up for election, and that we can change the make-up of the Michigan Supreme Court by electing

Let's remember July 18 on November 6. Let's do what we can to see that we still have a voice in the State Senate.
